

Presentations at National Meetings - 2005

1. Simonton CA: Current Status of Drug-Eluting Stents in Real World Practice. Antithrombotic Therapy for PCIC, ACCF/SCAI Snowmass, Colorado 2005, January 17-21, 2005.
2. Kane, P, Roush, TS, Swan, CR, Conner, PM, Holleman, JH: "Uncommon Arteriopathies in High Performance Athletes" Southern Association of Vascular Surgery, Marco Island, FL. January 22, 2005
3. Holleman, JH: "Injection Sclerotherapy and the Outpatient Management of Varicose and Spider Veins," Association of Physician Assistants in Cardiovascular Surgery, Tampa, FL. January 23, 2005
4. Simonton CA: "DES and Pharmacotherapy: The Real World STENT Registry." American College of Cardiology, 54th Annual Scientific Session 2005. Orlando, FL, March 6-9, 2005.
5. Simonton CA: "Use of Mechanical Thrombotic Lesions During PCI: Preliminary Findings from the Multicenter STENT Registry." American College of Cardiology, 54th Annual Scientific Session 2005. Orlando, FL, March 6-9, 2005.
6. Simonton CA: "Registries in Interventional Cardiology: Real World Assessment of Outcomes." American College of Cardiology, 54th Annual Scientific Session 2005. Orlando, FL, March 6-9, 2005.
7. Simonton CA: Chair: Oral Abstract Presentation, "Restenosis Prevention, Hall EZA." American College of Cardiology, 54th Annual Scientific Session 2005. Orlando, FL, March 6-9, 2005.
8. Wilson BH: "Enter the Drug-Eluting Revolution IV: A Critical Appraisal." American College of Cardiology, 54th Annual Scientific Session 2005. Orlando, FL, March 6-9, 2005.
9. Thomley, A: American College of Cardiology, 54th Annual Scientific Session 2005. Orlando, FL, March 6-9, 2005.
10. Robicsek F: Da Vinci Decoded. Leonardo Da Vinci's Anatomical Drawings. Art & Medicine. The Hektoen Institute for Medical Research. Chicago, IL. April 1, 2005.
11. Robicsek F, Fokin AA, Kane P, Swan C. Nil Nocere: Acquired restrictive thoracic dystrophy. Submitted for presentation at the AATS 2005 85th Annual Meeting, San Francisco, CA, April 10-13, 2005.
12. Simonton CA: The Real World STENT Registry. EPIC 2005, Atlanta, GA. April 28-30, 2005.
13. Wilson BH: "Efficacy of Drug-Eluting Stents for Saphenous Vein Graft Disease: Early Experience From the Strategic Transcatheter Evaluation of New Therapies (Stent) Group." SCAI Annual Scientific Sessions. Ponte Vedra Beach, FL. May 4-7, 2005.

14. Simonton CA: Insights on Patterns of DES Utilization and Outcomes from U.S. Registry Data on Drug-Eluting Stents. SCAI, Ponte Vedra Beach, FL, May 5-6, 2005.
15. Fokin A, Robicsek F: Acquired deformities of the thorax. ATS 2005 International Conference, San Diego, CA, May 20-25, 2005.
16. Robicsek F: Farewell to Professors. 47th Annual World Congress, International College of Angiology. Uncasville, CT. July 23-26, 2005.
17. Simonton CA: Adjunctive Devices for PCI: Atherectomy, Laser, Cutting Balloon. ACCF/SCAI Board Review Course, Atlanta, GA, August 20-21, 2005.
18. Simonton CA: Complex CPI: Calcified Lesions, Bifurcation Lesions, Multivessel PCT. ACCF/SCAI Board Review Course, Atlanta, GA, August 20-21, 2005.
19. Colavita PG: Building a successful Practice. ST. Jude Medical – Changing the Pace, Chicago EP/Cardiology Fellows Symposium, Chicago, IL, September 16, 2005.
20. Colavita PG: Current Indications for ICD Therapy” St. Jude Medical – Changing the pace, Chicago EP/Cardiology Fellows Symposium, Chicago, IL, September 17, 2005.
21. Simonton CA: New Insights into Drug-Eluting Stents: Stent Thrombosis and Stent Overlap. Complex Coronary Intervention in DES Era, Chicago, IL, October 1, 2005.
22. Simonton CA: New Insights: Randomized Trials. Complex Coronary Intervention in DES Era, Chicago, IL, October 1, 2005.
23. Gregory C, Masters T, Fokin A, Robicsek F: Gene expression profiling of cardiac angiogenesis using a canine model. 55th Annual Meeting of ASHG, Salt Lake City, Utah, October 25-29, 2005.
24. Fokin AA, Robicsek F, Masters TN, Kane P, Watts LP: Cardio-Pulmonary Impairment in Poland's Syndrome. New Cardiovascular Horizons, Miami, Florida, October 27-29, 2005.
25. Robicsek F: Leonardo da Vinci – Medical Renaissance Man. New Cardiovascular Horizons. Miami, FL. October 27-29, 2005.
